❖ We have crossed the Rs. 99.5 Cr. milestone for donations, as on 31st June '24.

Amount (In INR)

- ❖ While we're thrilled to have raised close to Rs. 100 cr., we're still only half-way to the finish-line. We're counting on your support to restore the trajectory of monthly donations to a steeply ascending curve.
- ❖ The fund-raising team is gearing up to approach batches and corporates for the next 100 Cr.

□ FUND-RAISING

- Kudos to the **Class of '75**. Donations from them are set to cross **Rs. 10 cr.**, the first batch to cross this milestone. Our heartfelt gratitude to all the generous alumni in this batch who've supported the project.

Thank you!

Alumni from this batch are sponsoring various amenities and facilities within the hostels, recreating the vibe of their student days.

- 11 alumni, wing-mates from '70 – '75, have donated towards naming their old rooms, 101 – 111 in H8. Friends forever !
- A few alumni are sponsoring a floor in one of the hostels
- And a few are donating towards rekindling memories of their days at H7 by sponsoring 'Marine Drive'.

□ What's new at Project Evergreen

Let's hear from two members of this amazing batch

"The Class of '75 has indeed made significant contributions over the years. The establishment of the Mood Indigo festival which has blossomed into a national university event, pioneering the first internet connection in an Indian hostel in 1995, and creating the first US-based non-profit organization for a non-US college are achievements I am proud of.

Project Evergreen, as the first alumni-funded hostel at IITB and in the nation, continues this tradition of innovation and forward-thinking. Supporting such initiatives is incredibly fulfilling and hope that more classes follow our lead as we need to modernize our infrastructure."

- Pari Choksi

"They say that one learns more in the hostels of IIT rather than the classrooms.

It is particularly true in my case since I spent more time outside the classroom than inside it . So I am very happy to contribute in a small way towards the rebuilding of H8 where I spent a wonderful 5 years and hope that many more kids would derive the same pleasure that I did."

- Sameer Katdare

□ What's new ?

- ❖ The Project Architect and Landscape Consultant are utilizing the spacious terrace of the Dining Area and the Study Room for terrace gardens with seating.
- ❖ We imagine these as happy spaces with pops of colour, where DNOTs or Lukhas (choose whichever word fits your generation 😊) can simply chill and while away some time.
